ArkDelta
"The Foundation for
Transformative Health"

- **Enhanced Neurotransmission** Inhibits acetyl cholinesterase, increasing acetylcholine levels, crucial for learning and memory.
- **Neuroprotection & Antioxidant** Rich in antioxidants (e.g., sesquiterpenes, flavonoids) that scavenge free radicals, reducing oxidative stress in neural tissue.
- **Brain Energy Metabolism** Provides readily absorbable fructose and glucose, the primary fuel for optimal brain function and alertness.

- **Neuroplasticity & Growth** Promotes the synthesis of Nerve Growth Factor (NGF), supporting neuron health, synaptic plasticity, and cognitive resilience.
 - **Adaptogenic & Stress Response** Modulates the HPA axis, helping to regulate cortisol levels and improve the body's response to stress.
 - **Gut-Brain Axis Support** Prebiotic properties support a healthy gut microbiome, which is intrinsically linked to mood and cognitive function via the gut-brain axis
- **Use for both adult and child.**
 - **Enhanced Memory & Learning.**
 - **Improved Focus & Concentration**
 - **Mental Energy & Alertness**
 - **Adaptogenic Support**
 - **Neuroprotection**

Testimonial

From a parent after 100 days of usage

Head circumference is increased by 0.5 cm, he try to speak capture one word like I want, like it, give me. if I'll seat him he sit without support but self not yet, his eye contact improve and observe things carefully, try to touch the things and also try to hold the things but the hand grip is not proper yet. He understand the things that we told to him

Thankyou
